Storybook Albums

Wedding Collections | *Exquisite Images*

By investing in one of the three Wedding Collections offered by Maurer Photography, you'll receive the time, talent, and dedicated efforts necessary to provide comprehensive coverage and exquisite imagery of your wedding day.

Our husband-and-wife team will work together to make sure that the best possible images are captured throughout the entire day. Typical images can include the romantic and fun interaction of the Bride & Groom, the wedding party and families, and excerpts of the ceremony and reception... the optimal blending of photographic styles, poses, settings, and candid moments.

All Collections include a complimentary Engagement Session with a Free 11x14 Portrait, Full-Day Coverage, a Photographer and Assistant, and On-line Hosting of images.

With our artistic story telling expertise, we will create a custom "**Storybook Album**" to present your wedding images in the best possible manner. The elegant leather album is assembled with select, key images that are fashioned into a composition which captures the essence and beauty of the day's events. A treasured statement of artistry.

Each Collection includes the items listed beneath it. The number of images shown is the typical number of *finished* images acquired throughout the day.

To obtain distinguished imagery by Maurer Photography on another day besides your wedding, see the "Bridal Portrait Session" on page 4 for more details.
